August 1 — So Many Books, So Little Time!

Presented by Northcentral Arkansas Education Service Cooperative 870 - 368 - 7955
Location: Northcentral Cooperative
August 2 — So Many Books, So Little Time!

Common Core Standards and Comprehensive Literacy ~ Grades 4-12
This 1-day workshop is designed to assist all teachers who want to understand the integration of the Common Core Standards into their instruction. Current research will be presented as well as lots of specific strategies to use in creating authentic literacy classrooms compatible with the impactful Common Core Standards. The majority of the workshop time will be spent in outlining ways to embed the Common Core Standards into a rigorous comprehensive literacy classroom model as well as the literacy standards from Common Core that are addressed in the areas of Science and Social Studies. Learning how to unpack the standards, implement their use in the classroom, and how these fit in perfectly with a comprehensive literacy classroom culture will be addressed. It will increase a teacher’s confidence in addressing and teaching the Common Core Standards and our state’s vision for productive, impactful comprehensive literacy instruction.

So Many Books, So Little Time!
This 1-day workshop is designed to help teachers who want to offer motivating choices to their students in the books they read. 50 new books will be presented as well as ways to use them in integrating units, motivating reluctant readers, character education, content area instruction and encouraging engaged, recreational readers (which pays off at Benchmark testing time!) 25 of the books will be most appropriate for grades 5-8 while another 25 will be most appropriate for grades 9-12. Scholastic will have books on the list for purchase at a discounted price at the workshop along with other materials to support in using the books in your classroom.
